

"I encourage my neighbors to come out and volunteer, pitch in, jump in where you can, that's what makes a great community."

Volunteer Spotlight

...Sheela Sriramoju

■ **Kristi Felouzis**, Assistant General Manager

It is with pleasure that our first volunteer spotlight article of 2022 showcases Sheela Sriramoju. Sheela is a wife, mother of two, IT professional, long-time homeowner and dedicated event volunteer.

Sheela moved to South Riding in early 2002 with her husband, Rama, and 3-year-old son, Rishab (now a college graduate). She started volunteering at our SR events when her daughter, Sarayu, now a senior at Freedom High School, was a few years old. Rama has been a big supporter of her volunteerism and without him it would not have always been possible for her to volunteer through the years. In addition to our community events, it was Sheela's pleasure to volunteer in the schools whenever needed while her children grew.

After a long day of work, Sheela finds joy and stress relief in cooking for her family. She loves to walk around the community with her husband and new dog, Kobe, a golden doodle. In addition to her LOVE of cooking, other hobbies include hiking, biking and walking.

Sheela has time efficiency down so well that when she runs the register at the event front entrance she virtually never has a line. To quote her, "people are there to enjoy the time, not wait in line!"

She loves South Riding; the people are very good and it is an amazing community to live in and raise a family. There are so many great amenities, year-round activities and good schools.

When asked what is one thing you want your South Riding neighbors to know? Her perfect reply, "I encourage my neighbors to come out and volunteer, pitch in, jump in where you can, that's what makes a great community."

Her smile, joy and laughter are contagious and it's always a pleasure to see her and work with her at our SR events. Please join us in wishing Sheela a very happy birthday on February 19th!!
