**Murrey Courts - 43479-43493 Parish St, Chantilly, VA 20152
Townhall Courts - 43055 Center St, Chantilly, VA 20152*

League Setup and Match Scheduling

- All doubles matches will be played on the Town Hall tennis courts and the Murray Drive courts. Singles players will be able to play on Murray Drive courts as listed above based on the singles schedule or will be required to find a court location for matches and report scores to the singles league coordinator.
- **Court Scheduling:** Doubles league members will be assigned to courts based on their self rankings at the time of registrations and availability. Players are required to update their availability on the appropriate portal. If availability has not been completed, you will not be scheduled for a match. All players must pay their league dues to Town Hall before being scheduled for a match.
- All players must be intermediate players with a minimum of a 3.0 skill level to play in the league. If you are a new member, you will be assigned a login ID and password once your registration and payment is received at Town Hall. This will be done by the appropriate league coordinator. Once you receive your log in ID and password you must log onto plan2play.com and complete your player profile

League Dues:

	RESIDENTS	NON-RESIDENTS
Doubles	\$50	\$60
Singles	\$50	\$60
Doubles and singles	\$80	\$90
Mixed doubles	No addition charge if registered for another format above	

- All payments must be made by using the on-line registration.
- You must pay the appropriate league dues and read the tennis league match cancellation policy, then sign the registration form before being scheduled for your first match.
- League dues will not be prorated or refunded.
- League volunteers get a 100% discount towards the league dues.
- League dues pay for Tennis balls and registrations and management fees charged by the South Riding HOA. There will be a tennis social at the end of the season as well.

League Membership:

- **There is** limited availability of tennis courts. Total number of slots for various formats are limited to the following:
 - Ladies Doubles: 19;
 - Men's Doubles: 24.
 - Singles - 15
- The priority for league membership is for South Riding residents in good standing. If all slots are not filled by May 1st, non-residents will be allowed up to the maximum amount for each format as stated above.

Proprietary staff will verify South Riding residency for all league members, and they will be charged a lower rate for league play. Applications for league membership and payment are to be turned into Town Hall, or via online registration system.

Non-residents will be considered guests of the South Riding residents (court keys will not be issued to non-residents). See league dues section for non-resident fees. In the case of singles matches, non-residents must reciprocate and allow South Riding residents to use their community's tennis courts as a guest, thus expanding the number of courts available to Singles

League members. Rosters will be created at the Town Hall for all league members.

Ball Availability:

Balls will be provided only for the matches scheduled by the team coordinators each week (Approximately 10 matches a week). Players must pick-up at Town Hall in the bin between the tennis courts and the pool or in the bin at the Murrey Drive Courts. Please do not take balls out for matches that are not scheduled by the team coordinators, even if the games played are between the league players.

Player Availability:

For the enjoyment of all the members of the Tennis league it is critical that players show up and are punctual for their scheduled matches. The subparagraphs below are the policies to ensure player availability and scheduling are controlled:

Scheduling: Players must update their availability on the plan2play portal each week. They will be scheduled based on their availability on the portal.

- **Sub Policy for Doubles:** If you are scheduled to play, and you cannot make your scheduled match, you must reach out to the subs assigned for that match and make sure your replacement is covering for you. The assignment of sub is not automatic. If you are not able to find a replacement, inform the league's coordinators and sub coordinators (listed under "league contact information".) A minimum of 24 hour notice should be provided to allow time to secure a sub.
- **No-Shows for Doubles:** If you are a no-show for two matches during the season you will be moved to a sub status. A no-show is defined as a player that doesn't show up for his/her scheduled match and/or doesn't call in 24 hours in advance to let the coordinator know that he/she is not able to play.
- **No-Shows for Singles:** If you fail to play your scheduled singles matches, four consecutive weeks in a row, you will be dropped from the Singles League roster. Membership dues will not be prorated or reimbursed.
- **Matches:** Each **doubles player** will play 3 sets per session (time permitting). After each set players will rotate until each player has been paired with the others scheduled for that court. **Mixed doubles players** should play with the same person they are assigned to, for best two out of three sets. **Singles players** will play "best 2 out of 3 sets" also.
- **Weather:** The league coordinators will attempt to notify players of match cancellations due to weather conditions, unless it is apparent courts are not

usable. Please check with your teammate before arriving at the courts in case of inclement weather.

- **League Administrator's:**
 - Ravi Gupta, Jay Madda, and Govardhan Adavelly
